

Record of Marriages (1873-1925)
Book of Records, no.1 of the Church of God
Goldsboro, York Co., PA
Transcribed by Luke Broersma, Dec 2021
Goldsboro Historical Association

The following are written records of marriages for the Church of God in Goldsboro. The transcription is as best as possible as some of the handwritten names are a little difficult to read. See scans for original writing. Some things were misspelled, like town names (Goldsborro, Yokemtown, etc) and I transcribed them as they were.

I'm sure most of the names and marriage dates in this record are available in the Pennsylvania state or county vital records, however for York County marriage records started around 1885. The records in this book start about a decade before that so there might be a few lucky people out there that this information will be helpful to.
